Re: References for the real estate company Atkinson & Partners s.r.o.

The real estate company Atkinson & Partners s.r.o. was entrusted with the sale of some extensive property owned by Hluboká nad Vltavou to compete for the highest bid from potential developers and provide all services, including legal assistance. We were very satisfied with the services provided. This is a reliable and experienced real estate agency with excellent knowledge of the issues of real estate planning and construction.
